EXPLANATORY NOTES

Cost Disclosure:

Total Retirement Savings Charges comprise of four components:

- **Investment Charges:** Investment management fees, including all charges of underlying investment funds and transaction costs.
- **Advice Charges:** Advice fees, including investment consulting fees not included in investment charges.
- **Admin Charges:** Administration costs, which in Sentinel's self-administered model, includes personnel, information technology and operational costs (includes member & pensioner communication, counselling and advice).
- **Other Charges:** Other costs and fees including legal, professional & consulting fees, audit fees, board fees, FSCA levies, insurance, actuarial fees and reporting costs.

Investment returns: returns reported are after Total Retirement Savings Charges have been deducted. In order to calculate the 1-year **gross** investment return, the 1-year total charges should be added to the 1-year net investment return.

Glossary

Headline Inflation:	South African headline Consumer Price Inflation as publish by Statistics South Africa
Discount Rate:	Known as the post-retirement interest rate which is used to discount the future value of pension liabilities. This rate considers expected inflation, equity, and bond returns valued at 100% of headline inflation. A higher discount rate will result in a higher funding level.
Funding Level:	This is a measure of the solvency of the pensioner pool. It is calculated by dividing the assets of the Pensioner pool by the present value of liabilities of the Pensioner pool. The Fund aims to maintain a post increase funding level between 95% and 105% valued at 100% of headline inflation.
Net Returns:	Investment returns after all costs have been considered
Pension Increase:	The target is to provide minimum increases of 80% of headline inflation as at 30 June.
Once off Payment:	This is a discretionary payment made as a percentage of the current year's annual pension.
